1. Figure 3 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.121(d)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

2. Claim 1, line 2, "GSP" is objected to because it's misspelled. Appropriate correction is required.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-8 are rejected under 35 U.S.C. 102(b) as being anticipated by Sanderford et al (Pat. No. 6,084,547).

Sanderford et al teach a hybrid navigation system including a GPS signal processor (102; 100; col 10, lines 6-29; fig. 11) for receiving GPS signals from satellites to determine positions of the mobile terminal, a TDOA signal processor (col 5, lines 54-63; col 15, lines 52-58; col 17, line 60-col 18, line 10) for receiving localization signals from stations of the mobile communication system to

determine positions of the mobile terminal, and a neural network (abstract; fig. 5) for learning and predicting the positions of the mobile terminal based on signals received from the GPS signal processor and the TDOA signal processor.

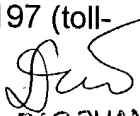

5. Claims 9-12 are allowed.

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
